

# Mike

## C# .NET Backend Developer

Datamatiker student focused on backend development, scalable systems and modern software architecture.

---

### Skills

- C#
  - .NET
  - ASP.NET Core
  - Entity Framework
  - SQL Server
  - Docker
  - JWT
  - GitHub
  - REST APIs
  - Clean Architecture
- 

### Experience

#### Slottets-Drifttavlen

Semester project focused on:

- Backend architecture
  - Maintainability
  - Repositories
  - Interfaces
  - Docker
  - SQL Server
- 

### Education

#### Datamatiker

Software development education focused on:

- System development
  - Databases
  - Architecture
  - APIs
  - Security
  - Testing
-
